

# PARISH PATHS IN NORTON LINDSEY

*footpaths and bridleways*

# NORTON LINDSEY

---

The heart of this small village of 200-250 houses is a Conservation Area. There are attractive black and white cottages in Main Street and Church Road-other old buildings around the village have dates marked on them. Some old farm houses can be recognised although their barns and sheds have been converted to dwellings.

Other points of interest include the Queen Victoria Jubilee signpost, the newly formed Queen Elisabeth Jubilee Signpost and the very large Dorrell Oak. The single sail of the old windmill can be seen between houses in Wolverton Road and on the skyline from footpath SD165.

## Parish Rights of Way

---

Norton Lindsey is at the hub of a network of public footpaths and bridleways which link to neighbouring parishes.

For example, W93 meets SD140a and SD164 to Wolverton, returning to Norton Lindsey along the roadside footpath. Bridleways W91, W92 and SD140.

And footpath W93 can be used to explore the parishes of Fulbrook and Snitterfield, perhaps returning via SD139a from Heath End or W91b from the Warwick-Stratford Road.

There are also fine views towards Warwick from the Church yard on footpath W90, while in spring bluebells and primroses can be seen on SD167a in Gannaway Wood to the west of the village.
